The City is not responsible for items left at the cemetery; please keep this in mind when placing items in memorial. All items outside the footprint of the headstone are in violation of cemetery regulations and will be removed when the park employees clean and mow the cemetery. Flowers or decorations that have deteriorated and become unsightly will be removed from the headstone.

We are in the process of transferring all Cemetery Records into new software. You can [view an aerial map](#) here. This map will only show locations of burials, not ownership of plots. Recent burials are updated in the system prior to the service, older burials are updated as we have time. We will update as sections are completed.

In addition to the mapping feature, the new software allows us to create virtual memorial pages at no charge for your loved ones where you can post a photo and obituary. If you are interested in adding this feature to your loved one's page, please contact Tina Rodriguez at 405-390-5110, or by email at [trodriquez@choctawcity.org](mailto:trodriquez@choctawcity.org). Photos will need to be ".jpeg" files and

obituaries need to be submitted in Microsoft Word format. The City reserves the right to edit or refuse images or content that might be deemed offensive.
