

Ten Acre Lake

Located on 10th Street between Choctaw Road and Indian Meridian, Ten Acre Lake is an excellent recreational park for bait fishing and enjoying the outdoors. In addition to the stocked lake there is a soccer field, picnic tables, and a pavilion available for rent for social events. A playground on site entertains the kids while several lakeside benches offer a great view of the many species of native wildlife that can be seen near the water throughout the year.

Ten Acre Lake does not have electricity or water, port-a-pottys are provided for your convenience.

If you would like to reserve the pavilion, please contact City Hall at 405-390-8198 for availability and prices.

You can also [download the application HERE](#).

Pavilions are not reserved until fees are paid.
