Randy Jacox, [Public Works Director](#)

Phone: 405-390-1121

The Public Works Department is responsible for the maintenance of the City public works infrastructure. The Public Works Department employs approximately 19 employees. They are divided into several different divisions to cover the many types of maintenance that is required. The Public Works Department has the responsibility for the administration, design, construction, maintenance and operation of the city's streets, street lights, bridges, water, sewer, storm drainage, and vehicle fleet.

The Public Works Department takes great pride in its commitment to provide excellent quality service at all times. This service delivery will be accomplished in a cost-effective and professional manner using the most progressive technological and personnel resources that are made available to the department through its citizens.

It is the goal of each Public Works employee to reach out and understand the service level expectations of its citizens and to provide those services that enhance the quality of life for the community in which we live and work.

If you should have a problem with any of the items below, please feel free to call our office at 405-390-1121, our office hours are 8:00 a.m. till 5:00 p.m.

The Choctaw Public Works Department can also be contacted at the following email address: [rjacox@choctawcity.org](mailto:rjacox@choctawcity.org).

To request work orders for Water, Sewer, Street, Parks, Cemetery, or other Public Works issues, or for response to other City issues, please fill out the form below. Work orders will be generated and sent to the proper department, other City issues will be routed to the correct City Department for response. When requesting a work order, please include as much information about the location of the issue, such as directional guides for side of street or corner location to help our crews identify the problem. If reporting a street light out, we need to know which address and/or street corner (NW, SW, SE, NE) as well as whether the light is completely out, or blinking.

**For emergency issues, please call City Hall directly to report your issue at 405-390-8198.**
